## Latest Updates from the CCS

- [CQP Revision Update](#)
- [Independent Laboratory Auditor Tender](#)
- [International Compost Awareness Week](#)

### CQP Revision Update

REAL held webinars in March with the REA and ADBA to discuss the proposed changes to the list of permissible waste feedstocks (Appendix B), comments collected at which, and through consultation on a paper on this subject, were shared with the Task and Finish group on Monday (24th April). Additionally, further working groups are being set up focusing on the quality standards and comparators.

REAL are involved and present in discussions and will share further updates as they emerge.

### Independent Laboratory Auditor Tender

Last week, REAL published a Tender Invitation Document (TID) to appoint an Independent Auditor to audit the REAL CCS (and BCS) Approved Laboratories from the beginning of 2024.

The TID can be found [here](#) and the deadline for interested organisations to respond is Wednesday 14th June 2023.

### International Compost Awareness Week

International Compost Awareness Week (ICAW) is taking place from the 7th to the 13th of May 2023, and as part of this, REAL would like to share photographs of good quality certified compost on our social media channels. If you have any pictures of your compost that you would be happy for us to share, please email them to [emma@realschemes.org.uk](mailto:emma@realschemes.org.uk).
