CCS Producers' Forum

Due to the ongoing uncertainty surrounding Covid-19, the next CCS Producers' Forum will be held on **Thursday 28th May 2020** via video conference facilities. The meeting will run from 12.45 - 4pm, with a short break at 2pm, and the agenda will include the CQP review. If you are interested in attending the forum, please email info@realschemes.org.uk and details of how to join will be sent to you. Please note, places will be allocated on a first come, first serve basis with a maximum number of 15 attendees.

Sampling Webinar

Following the success of the CCS sampling workshop held in October 2019, we have been busy planning further workshops for 2020. However, due to COVID-19, our workshop planned for May has now been postponed but hopefully will run later in the year. We will notify all operators when possible.

In the meantime, we would like to offer operators the opportunity to join a webinar at **10.30am on 28th April 2020** on sampling, run by REAL. The webinar will introduce REAL's new CCS sampling guidance and touch on other aspects covered in the workshop on sampling practice and developing SOPs.

If you are interested in attending, please email molly@realschemes.org.uk.

PAS 100 Review

PAS 100 was officially reviewed this year by BSI and REAL and this review process has now been finalised following a meeting with BSI in March. Although there may be a need for some technical updates to the standard, REAL do not consider that it is the right time to trigger a revision process of PAS 100. The outcome of the ongoing CQP review has the potential to inform and influence a PAS 100 review/revision process. It would therefore be more appropriate for the CQP review process and timeline to be defined before taking any further decisions regarding a further review and/or revision of PAS 100.

REAL will be in touch with BSI in the autumn regarding future plans to review the standard.

Happy Easter from everyone at REAL!

Please email info@realschemes.org.uk if you would like us to add any contacts to our mailing lists. Please also remember to add us to your 'safe' list to avoid updates going to junk mail!
