

**CCS Producers' Forum  
17<sup>th</sup> November 2014**

**Directions to the venue**

The CCS Producers' Forum meeting takes place in a **Conference Suite, which is based in the Innovation Centre**, York Science Park, Innovation Way, Heslington, York, YO10 5DG.

There is a link to the directions to the Innovation Centre, York Science Park, here <http://www.yorksciencepark.co.uk/contact-york-science-park-managed-office-space/directions-to-york-science-park.html>

If delegates are driving to the Innovation Centre, there is car parking available around the front and back of the building. On arrival at the **Innovation Centre Reception**, visitors should sign in with the receptionist and ask for a free parking permit to display in their vehicle.

Please note, for those travelling by train, taxis are available directly outside York Railway Station. The journey to the York Science Park takes approximately 10 to 15 minutes, depending on traffic conditions. The fare should be somewhere between £8 to £10 one way.

I have also attached a plan of the York Science Park which shows the location of the Innovation Centre building. You can access it [HERE](#)
